JOINT COMMITTEE VALLEY GROVE SCHOOLS

DEDICATION

We, the senior class, proudly dedicate the 1959 Hilltopper to Glenn R. Hogue whose loyalty and dedication to his work earned for him the respect and admiration of student body and faculty alike.

The dedication is made in appreciation of the help and guidance that he gave to countless students during the twelve years he served Rocky Grove High School as teacher and guidance counselor. His vital tasks of arranging schedules, giving extensive psychological tests, and offering advice whenever approached were all carried out with efficiency and thoughtfulness. On many occasions, by sacrificing personal welfare and devoting extra effort in our behalf, he patiently and diligently attended to the various needs of the school which were not an essential part of his work, and by doing so he became and remains an inspiration to those seeking some measure of success in life.

His departure from Rocky Grove to assume the responsibilities of Public School Psychologist for Venango County occasioned many heartfelt thanks. We formally express our gratitude to you, Mr. Hogue, teacher, counselor, and friend.

SENIOR CLASS HISTORY

we, the Seniors of the class of 1963, look back over our last year with happiness, remorse, and with a longing of regret we can't satisfy.

Through the twelve year's in which we have tried to increase our knowledge, we have met many people who shall remain as guiding stars and inspirations for us the rest of our lives. Ranking first on our list are our teachers who have remained calm, cool, and collected though we have tried their patience many times. We shall never be able to repay them for the great favors and ever lasting knowledge they have made available to us.

To start off this memorable year we elected our class officers to handle our business problems for us.

The next episode came on October 24, when some members of our class exposed their acting talents through the presentation of our Senior Play.

If people look closely, they can see the flecks of stardust that still twinkle in our eyes as we reminisce the highlights of May 15, the night of our Senior Prom. This is the high spot of our year and we shall never forget the happiness and carefreeness that linger in our minds as we recall this incident.

As we leave this protected fortress and enter the unprotected world outside, we want to wish the Juniors as happy and as memorable a year as we have enjoyed.

JUNIOR CLASS HISTORY

The Junior Year . . . said to be the busiest. Well, if not the busiest, the most hectic

The various activities that began in the first part of the term gradually gained momentum until they assumed huge proportions

First there was the election of class officers. Then the meetings of Junior Class officials began to involve more people as committees were appointed. Many other activities took up our time. One of the most successful was the Junior Play in April

Then came the climax of our Junior Year, the night that was anticipated by Juniors and Seniors alike. The Junior-Senior Prom

Mrs. Waikowski, our able class advisor, helped us in the planning this all important occasion. The prom will be held in our memories for a long time to come.

And now as this wonderful year draws to a close we realize how little time we have left. Our Senior Year draws closer as we try to profit by this year's experience. Looking on by the big year ahead we all wish that the sophomores might profit as much from their Junior Year as we have

ROCKY GROVE ELEMENTARY SCHOOL

The use of the new Rocky Grove Elementary School will have profound and far-reaching influence on our high school. When the elementary pupils have been completely transferred to the new building, the high school will have the facilities necessary to expand its program. These facilities will enable the administration and the school board to expand the high school curriculum to include such new subjects as business law, driver's education, and French. Proposed plans also include the expansion of our rapidly-growing library to four rooms. The new rooms will provide the now existing library with an office, magazine room, and a conference room. Many other departments will also have the needed room in which to expand their programs. An addition is being planned to house the homemaking and the music departments.

This is a definite step forward for our community in educational facilities.

The Sporty Seven is one of our school's most important activities. It is composed of three seniors, three juniors, and one sophomore. Each year the girls and Miss Kishel, their advisor, choose one sophomore and two juniors to replace the three seniors who will graduate at the end of the year. The girl who begins when she is a sophomore becomes the president in her senior year. The president this year is Annette McDann. Next year Dorothy Fisher will be president. The girls who will replace the seniors of this year will be announced at the Athletic Banquet.

The girls sell candy to the pupils in the lunch rooms and to the people attending basketball games. The money that they make is used to help pay for the Athletic Banquet, which is held each year before the Spring Dance. In this way we show our appreciation to the basketball squads and coaches.

The newest competitive sport at Rocky Grove is Baseball. The members of the team showed a great deal of enthusiasm in spite of bad weather. There were four games played and several called because of weather. We predict that baseball will remain a favorite sport at R.G.H.S. for a long time to come.
